Auburn University Dining Services

On-Campus Dining Plan
Basic Plan: $995 in Declining Balance per semester (Fall and Spring)*

(This should cover about half your semester's food budget)

Off-Campus Dining Plans
Basic Plan: $300 in Declining Balance per semester (Fall and Spring)*

*The appropriate plan will appear on your student bill.

How it Works
All students participate in either the university’s $995 or $300 dining plan, depending upon whether they live on or off campus. Declining Balance Dollars are accessed using your TigerCard and can be used at any on-campus dining location, including all of the TigerTraxx food trucks. It works like a debit card, and your balance appears on your receipt after each purchase. Unused Declining Balance Dollars roll over from fall to spring and spring to summer and expire at the end of summer term.

Additional Dining Account
Additional Dining funds can be added online or in the TigerCard office. These declining balance funds, in excess of the dining plan, never expire. They roll from semester to semester and can be refunded should the student not enroll for subsequent semesters or graduate. Visit auburn.edu/dining for additional information on the dining program.

Benefits of Your Dining Plan
• Never worry about carrying cash – your TigerCard manages your dining dollars.
• Easily manage your funds with the Manage My ID program
• Fresh, quality meals at convenient on-campus locations
• Socialize with friends and stay on campus to eat.

Purchase food at the Student Section of the Stadium, and while attending events at the Auburn Arena.

Bonus Dollar Promotion
You can earn $10 more purchasing power for each $100 deposited in your Additional Dining Account. For example, if you add $240 to your additional dining account, you'll get 20 Bonus Dollars for a total of $260 in purchasing power. While all unused additional dining funds are refundable, bonus dollars are nonrefundable and may only be used on campus.
