Crop, Soil and Environmental Sciences

The Department of Crop, Soil and Environmental Sciences offers four degree options (production, science, turfgrass, and soil, water, and land use) and administers the interdisciplinary Environmental Sciences major. Degrees are tailored to prepare students in a wide range of careers in the turfgrass industry, agri-life industry (e.g., producers of fertilizers, herbicides and other agricultural products), farm-advisory agencies (e.g., soil-testing laboratories and other private consultants), environmental consulting and regulatory agencies, public farm-advisory agencies e.g., Agricultural Extension System or the Natural Resources Conservation Service), research agencies or corporations, U.S. Department of Agriculture, colleges and universities and Agricultural Experiment Stations, farming, and environmental agencies.

Majors

• Agronomy and Soils - Production Option (http://bulletin.auburn.edu/undergraduate/collegeofagriculture/agronomyandsoilsagrn/agronomysoils_production_major)

• Agronomy and Soils - Science Option (http://bulletin.auburn.edu/undergraduate/collegeofagriculture/agronomyandsoilsagrn/agronomysoils_science_major)

• Agronomy and Soils - Turfgrass Option (http://bulletin.auburn.edu/undergraduate/collegeofagriculture/agronomyandsoilsagrn/agronomysoils_turfgrass_major)

• Agronomy and Soils - Soil, Water and Land Use Option (http://bulletin.auburn.edu/undergraduate/collegeofagriculture/agronomyandsoilsagrn/agronomyandsoils_soilwaterland_major)

Minor

• Agronomy and Soils (http://bulletin.auburn.edu/undergraduate/collegeofagriculture/agronomyandsoilsagrn/agronomyandsoils_minor)
