

Automotive Manufacturing Systems — Graduate Certificate

Both Fully Online or Fully On Campus

This graduate certificate is for students looking to acquire more knowledge in manufacturing. Students completing this certificate will explore the design, analysis, and operation of manufacturing systems as a combination of humans, machinery, equipment, tooling, controls, building, and transportation that are bound by a common material and information flow through application-based courses in state-of-the-art labs and classroom environments.

Code	Title	Hours
Automotive Manufacturing Systems (Graduate Certificate)		
Select 12 hours from the following:		
INSY 6330	Six Sigma	3
INSY 6800	Lean Systems	3
INSY 6830	Vehicle Technology and Trends	3
INSY 6840	Control of the Manufacturing Floor and Processes	3
INSY 6860	Innovations in Manufacturing Systems	3
