

Chemistry Minor

Students must complete seventeen hours of coursework, with nine of these hours at the 3000-level and above. In order to enroll in these courses, students must first complete CHEM 1030/1031 (OR CHEM 1110/1111) and CHEM 1040/1041 (OR CHEM 1120/1121), as pre-requisites for the upper level courses.

Honors coursework will be accepted (examples: CHEM 2077/2078, and contracted BCHE 6180/6190)

Code	Title	Hours
CHEM 2070	Organic Chemistry I	3
CHEM 2071	Organic Chemistry I Laboratory	1
CHEM 2080	Organic Chemistry II	3
CHEM 2081	Organic Chemistry II Laboratory	1
Nine hours of CHEM credit at the 3000-level or higher (BCHE 5180 and BCHE 5190 may count) <small>Maximum 3 hours of CHEM 4980 can be used</small>		9
Total Hours		17
